

## Family

words and music by Darrell Grant

Though I cross the world in my travels  
Secrets and wonders that I see  
Still inside my heart is a yearning  
Deep is the place for family

All my fame and all of my fortune  
Everything that I've achieved  
I will bring it here to the hearthstone  
All of it gift for family•

### Chorus:

We are carrying the day  
Shining on each other's way  
Gallantly we stand  
This home and family

Sons and fathers, mothers and daughters  
Each in the other's eyes will see  
Visions of the road we will travel  
Leaves on the tree of family

Hand to hand throughout generations  
Tenderly passing on our dreams  
Whispered in the ears of the babies  
These are the songs our children sing.

### Chorus:

They are carrying the day  
Shining on each other's way  
keeping hope in hand  
for home and family

### Bridge:

When the world has cast me to bottom  
dashed on the rocks, and lost at sea  
When my life is stretched to the breaking  
I will remember family

Little babe I hold in my arms now  
Thanks for the wondrous gifts you bring  
Listen I will tell you the story  
Tell you about this family

Chorus (repeat)
